9 September 2013

To whom it may concern,

I would like to make a request under the Official Information Act 1982.

I would like to know if the Lethal Dose 50 (LD50) test has been carried out at the University at any point in the last five years and if the University Animal Ethics Committee has given any approvals for the LD50 test to be carried out.

Yours sincerely

Stephen Manson
National Office Manager
